## Invitation to swim with us !

### Let's celebrate the clean waters of the Copenhagen Harbour

Water equals health – not just because it is vital to all organisms and life, but also because we can swim in it if we make sure to keep it clean. In the Harbours of Copenhagen, the water is actually kept so clean that you can swim in it all year, and we celebrate this during the IWA Conference with a bathing/swimming event - “Water for health and liveability Celebration”.

Join the IWA and DANVA Presidents and many other water enthusiasts for a swim in the harbour bath.

You don't need to be a winter bather or a professional swimmer to participate. Anyone who appreciates clean water can join. You are also welcome to participate without going into the water.

Bring your swimwear and towel. You can change clothes in our tent and you can also enjoy hot and cold refreshments before/after getting into the water with us. We will be able to provide some swimwear and towels and a few wetsuits.

## Program

Wednesday 14<sup>th</sup> September

17.30 Welcome to the tent.  
Change into swimwear.

17.40 Opening speech at Havnebadet.

17.45 Into the water

17.55 Change to dry clothes  
and refreshments

18.30 End of event

## Transport

The metro runs from the exhibition hall at the Bella Center and close to the harbour bath.

Take the M1 line from the Bella Center around 17.10 and get off at Islands Brygge (3 stops). From there it's an easy 10 mins walk.

If you come by bike, it takes 15 minutes from Bella Center (4.3 km).

Tivoli is a 1 km walk from the harbour.
